# OPPORTUNITY

Education consultants use their experience in learning, teaching, and assessment to help develop the curriculum, or work with organisations and learners to identify and support their specialist needs.

The growth is immense, the opportunities vast, and the impact strong. But putting statistics aside, a profession in the education industry gives you stability. More importantly, it gives you a personal fulfilment that will keep you going.

With the increasing number of Educational institute, a higher degree of specialization in course content coupled with an increasing number of course, Choosing a right career in term of college & course has become a serious and tedious affairs. Unfortunately due to lack of information & knowledge not many students are able to get it right. Hence, over the last few years educational counsellors have merged as a major support system to guided students. With their extensive knowledge of schools and universities, educational consultants can broaden the potential choices, and provide vital help in analysing factors such as cost, location, and curriculum. Also there are many career and personality test developed to know the right attributes of students based on which one can decide the right career choice. With an experienced educational consultant, students & families have the opportunity to explore a wider variety of options to select the most suited career path for them.

# Psychometric Test

**Assessment of Skills for Career Guidance and Planning (ASCGP) Programme is a significant component of schools and colleges. This programme helps the senior school and college students to learn about themselves as they participate in career development activities. Assessment of Skills for Career Guidance and Planning (ASCGP) Programme is a significant component of schools and colleges. This programme helps the senior school and college students to learn about themselves as they participate in career development activities.**

**Meritline provides an exclusively designed Career Development Programme which aims to help students to develop the skills needed to achieve their career objectives.**

# OBJECTIVE

The objective of ASCGP is to bring a career awareness campaign among the students, parents and teachers at the secondary and senior secondary education. ASCGP gives an understanding to the students the importance of one's academic potential, attributes, personality, talents, interest, expectation, resource, strength and weakness while choosing a course for a right career at the right time for a bright future. Students can benefit from ASCGP as part of an education and career planning guide

## NEED OF ASSESSMENT OF SKILLS FOR CAREER GUIDANCE AND PLANNING

For most students stream choice after 10th and a course after 12th is a matter of chance, social pressure, and largely determined by academic performance and not by scientific choice. Students are mainly aware about 3 to 4 careers like Medicine, Engineering, CA/CS, or Management

ASCGP will cover introduction to career planning, myths on career counselling, effective career planning by understanding aptitude, personality, interests and abilities.

# Components of Assessment

# CAREER ASSESSMENT & TESTING

Career Assessment & Testing is a proactive process to help students understand the unique blend of skills, talents, values, interests and personality traits and how they affect the career decisions.

Career Assessment & Testing is useful for every student who wants to take charge of their career.

The career tests can give students ideas about what possibly they should do rather than simply pondering what they want to do.

## Design & Shape career plans

- **Personality**
- **Aptitude**
- **Intelligence**
- **Interest**

## **CAREER COUNSELLING SESSION**

- Career Counselling is a highly interactive process which helps students to discover how their interests, personality types, and skills relate to careers.
- A personality test can give you an indication of which jobs match your personality type and which careers you may have an aptitude for.
- The career counselling intends to show the students a planned route to a career right.
